

HÖEGH AUTOLINERS

HÖEGH TARGET – VESSEL PARTICULARS

The vessel is the world's largest Pure Car and Truck Carrier (PCTC) with a carrying capacity of 8500 car equivalent units. It is offering up to 6.5 metres of free deck height, 12 metres of ramp width and capacity to take cargo weighing up to 375 tonnes. Höegh Autoliners took delivery of six of these Post Panamax vessels during 2015 and 2016.
